

(The Monroe Institute Bulletin, March 1987)

GO KUDOS TO OUR TRAINER OF THE QUARTER

John Dumais

This issue's GO TRAINER OF THE QUARTER is no stranger to the *Gateway Outreach* Network. His dedication to the personal success of each GO Trainer is evidenced by his offer to publish GO!OD VIBRATIONS - a newsletter linking Trainers in the field. Since his accreditation in May of 1986, he has trained 32 Excursion participants and has programs scheduled through this spring.

We are pleased to acknowledge John Dumais for his outstanding outreach efforts to provide the public with experiences of value through the Excursion Workshop, for his seasoned professionalism, and his clarity of intent.

John has a degree in Psychology from Harvard College. His background is in counseling, program development, writing and metaphysical studies. He currently offers programs through his organization, Awareness for Living, in Beverly, Massachusetts.

Our heartiest thanks and congratulations, John, for a job well done!
